

# THE Peppercornz Press

October 2007 / Vol. 10

Well it's 4<sup>th</sup> quarter already and fall is upon us! Like many folks, this is our favorite time of year with the leaves changing and the brisk weather rolling in. We get to take out our favorite sweaters that help hide those extra few pounds we're carrying. We begin our pre-holiday diets that never quite seem to be as successful as we hope! But, no matter what, it's an exciting time of year and for Peppercornz, we're trying something new! We are finally going to offer full holiday meals for our guests. In this newsletter you can get all the info you need to order your own! We had to limit the number we can fill so call Linda at 781-331-9931 or email her at [Linda@peppercornz.com](mailto:Linda@peppercornz.com) as soon as you can to get your dinner reserved and then just sit back and enjoy the season for a change!! Cheers!

## EMPLOYEE SPOTLIGHT

**Uncle "Vic"** Most of you know him as one of our two daytime delivery guys. His given name is Vito but we call him "Uncle" Vic. That's because he really is Linda's uncle—her Great Uncle, that is.

He's great, not only in lineage, but also as a person! Uncle Vic is one of the most dependable, consistent employees that Peppercornz has and we are thrilled that he takes a few hours each week to help us out. His wife of 60 years, Aunt Dolly, thinks it's great, too! We did have to talk him in to it in the beginning. But, he finally decided to join the crew, and we think he's happy he did.

Both Uncle Vic and Aunt Dolly were born in Quincy but live now in Weymouth where they've spent most of their married life. They did try the Florida thing for a while, but ultimately came home to Massachusetts where they have 5 wonderful children. They have 4 daughters, a son and are proud grandparents of 10 and great grandparents of 2. One of Uncle Vic's favorite things to do is save up those tips and head to Foxwoods for a night hitting the slots!

So... next time you see Uncle Vic on one of his many deliveries, make sure you take good care of him... a roll of nickels goes pretty fast and we want him to stick around for a very long time!!
